

KEEDYSVILLE PLANNING AND ZONING
MEETING June 11, 2012

Attending members: Randy Burns, Don Weigel, Dave Bajuscak, and Matt Hull

Also attending: Mary Robertson, Barry Levey, Carl French, and Shannon French

Minutes from May's meeting were read and approved.

Old Business: none

New Business: Matt shared information concerning a sink hole that developed in a storm water management pond that needed Town attention in Rockingham, behind David Brumage's house. It was discovered that large boulders had been covered over in the pond with dirt that led to the creation of a sink hole. It cost the Town approximately \$5,000 to repair. There are two more storm water management ponds that have not yet been turned over to the Town.

Matt also shared that poles in the park to the backstop have been stolen.

Barry Levey was present to request information from this Committee concerning a possible site for a metered water dispenser for water haulers. Discussion was held regarding a possible location on Wyand Drive that contains a pressure reduction vault that could be fitted for this service at a low cost, the income that could be generated for the Town, Town easement, road width, traffic calming, contacting adjacent homeowners, possible times of usage, operating parameters, and commercial use. Barry will be attending an HOA meeting for their input. Randy asked Committee members to review the Zoning Ordinances for our next meeting. Dave motioned to table this discussion to next month, Don seconded. All agreed.

Motion was made by Dave, to adjourn the meeting. Don seconded. All agreed. The meeting adjourned at 7:49 PM.
