ADDENDUM #2 TO THE REQUEST FOR PROPOSAL FOR WORK RELATED TO PREVENTATIVE MAINTENANCE SERVICES FOR THE WATER SYSTEM WITHIN THE TOWN OF KEEDYSVILLE

JULY 22, 2022

Based on a meeting held on July 14th, 2022 as well as questions from parties interested in the referenced project, The Mayor & Council of Keedysville would like to provide the following clarifications and additional information.

1. The Town of Keedysville is requesting a 5-year contract with the option for a 5-year renewal. Please breakdown the cost on a per year basis. The Price Proposal Form that shall be part of the submittal is included on page 2 of this Addendum.
2. Operating valves are to be exercised by the prospective firm with oversight from the Boonsboro Water System staff.
3. For estimating purposes, assume there are approximately 300 operating valves within the Keedysville water distribution system.
4. Hydrant flushing will be performed with oversight from the Boonsboro Water System staff. A MD certification is not required with oversight.
5. Metering flushed water from a hydrant is not required.
6. Section 3 of the Preventative Maintenance Program is already being addressed by the Town of Boonsboro. This work is removed from the RFP's scope of work.
7. The Maintenance & Customer Service Logs that will be used to document work performed as part of the preventative maintenance program are included on pages 3-7 of this Addendum.
8. A map of the water distribution system within the Town of Keedysville is available by contacting Town Hall.

Any additional questions should be directed to Town Hall Administrator, Lisa Riner at townhall@keedysvillemd.com, or Assistant Mayor Brandon Sweeney at bsweeney@keedysvillemd.com.
