ADDENDUM #2 TO THE REQUEST FOR PROPOSALS FOR THE BEDROCK WATER LINE REPLACEMENT ENGINEERING PROJECT

SEPTEMBER 17, 2024

Based on feedback and questions from parties interested in the referenced project, the Mayor & Council of Keedysville would like to provide the following revisions and clarifications.

1. All work must be completed and invoiced by May 31, 2025 due to grant requirements. This is a revision of the date published in the first addendum under #3.
2. The Town does not require geotechnical investigations, test holes, and/or boring, but given the existing conditions, there may be a need for them. Thus, it is the responsibility of the prospective firm to perform a thorough investigation and determine if these are required for/prior to construction. This is a clarification of information published in the first addendum under #9 and #11.

Any additional questions should be directed toward Town Administrator Lisa Riner at townhall@keedysvillemd.com or Assistant Mayor Brandon Sweeney at bsweeney@keedysvillemd.com by Sunday, September 22, 2024.
