#### Council Comments

Ms. Baker asked about the plugs for the slides in the playground. Ms. Riner said she has not been able to get a response from the company. Ms. Baker also questioned changing out mulch for a different material. There was much discussion about potential upgrades to the playground.

Mr. Sweeney said the Council needs to vote on the lead and copper quotes. Quotes were received from 120 Water, The Eads Group, and EA Engineering. Mr. Sweeney feels 120 Water makes the most sense but wants to wait until Boonsboro meets next week and see where they are with the quotes. Mr. Sweeney motioned to move forward with 120 Water pending the Boonsboro meeting, Ms. Baker seconded, and all voted in favor.

Mayor Lord mentioned the vandalism in the park and a friendly reminder there are cameras in the park to record malicious activity. He asked about the 15 S Main Street lot and the streambank restoration. Ms. Riner reported that it is now scheduled for summer 2025. Mayor Lord asked about the drinking fountain project for Taylor Park, but there are no updates at this time. Mayor Lord said the trees planted by the State Highway Dept on the south end of town are dying and are making that area look bad. Ms. Riner said that it is private property. Mr. Hull mentioned it was an engineered rain garden put in by the State. Ms. Riner pointed out the weed ordinance does not include dying trees.

Ms. Riner reported the closer arm in the women's bathroom has been repaired.

Ms. Pangle mentioned the meeting with DNR (regarding the railbed lease) on Tuesday, June 11, 2024, for those who want to attend.
